# Paddling Programs

*Come paddle with us! We have paddling programs all summer for you, regardless of your experience level. New to the water or want to refresh your skills? Take a Canoeing for Beginners class at Washington Park. If you're looking for a great way to finish your day, try a Sunset Kayak or a Monday Canoe & Brew along the Milwaukee River. Specialty paddling experiences this summer include a Full Moon Canoe, Family Pedal boating, and River Tunes canoe trips.*

# CELEBRATE BIKE WEEK

## WISCONSIN BIKE WEEK

Our Riverside Park and Menomonee Valley branches have a special treat for bicyclists on **June 6 - 10** of Bike Week! Find us by the Valley Passage on the Hank Aaron State Trail and at our branch along the Oak Leaf Trail to refuel on free caffeine and breakfast treats. The commuter stations are in the mornings. See you on the trails!

**June 9, 4 - 7 pm**

Finish the day with a ride, drink, and bite from your new favorite food trucks! Make new friends and bring your family to ride the Oak Leaf Trail, play yard games, and hangout.

# BOTANY WALKS @ ALL 3 BRANCHES!

Have you ever wondered what that yellow, purple or red flower is? Join our Land Stewardship experts to learn about the taxonomy of plants and their identifying characteristics. We will stroll through our parks to see what's in bloom and talk about the names and features of the plants we see. Botany Walks occur once per month at each of our Urban Ecology Center branches, on rotating Fridays, so you can join them all!

**1st Friday of the month at Riverside Park**

**2nd Friday of the month at Washington Park**

**3rd Friday of the month at Menomonee Valley**

All walks start at the front door of the UEC building at 10:30am until noon. Please, wear comfortable and weather appropriate shoes and clothing. Bring along a hand lens and a field guide, if you'd like. The Botany Walks take place entirely outside.

# FISHING PROGRAMS @ WASHINGTON PARK

## FISHING FOR DINNER SERIES

Sign up for this free workshop to learn basic fishing skills and where to find fishable waters close to home. Participants will learn about Wisconsin's fishing tradition and how to keep it sustainable. In partnership with the Wisconsin Department of Natural Resources
