

## Position Announcement

### Branch Manager, Washington Park Branch

The Urban Ecology Center has captured the attention of leaders in Milwaukee and cities across the country. Our model of creating neighborhood-based environmental education centers energizes urban public natural areas. The result is reduction in crime, protection and enhancement of urban ecosystems, improved academic achievement, healthier communities and revitalization of neighborhoods.

Located in vibrant public green spaces, our fast-growing organization serves over 100,000 people of all ages annually. The Urban Ecology Center's cutting-edge team of non-profit professionals work in creative, high-energy, open offices in ecologically responsible facilities. We are a leader in workplace flexibility. Our facilities and programs have been recognized nationally and internationally for their innovative approach to sustainability, neighborhood-based urban environmental education and citizen science.

The Branch Manager provides leadership to the Washington Park branch, working from an organization-wide perspective to implement goals, strategies and tactics toward achieving the Urban Ecology Center's mission. The Branch Manager manages community-based environmental education programming, oversees the Neighborhood Environmental Education Project operations and co-manages the facility, volunteer, land stewardship and visitor services staff for the Washington Park branch. This position oversees daily operations at the branch, as well as program development, reporting, community engagement and educational exhibits. The Branch Manager reports to the Senior Director of Education and Strategic Planning and works closely with him/her on all aspects of Washington Park branch programs and strategies. This full-time, salaried position provides a competitive salary and benefits package.
